INTERIOR

INTERIOR DESCRIPTION

(New interior soft goods and woodwork June 2020 by West Star Aviation Grand Junction, CO)

The cabin is configured for 14 passengers. Entering the aircraft immediately across from the main entrance door is a right-hand forward crew lavatory with chemical toilet. Immediately aft of the crew lavatory is the main galley on the right-hand side that opposes a left-hand galley annex. The right-hand galley and left-hand galley annex feature an accordion style MED acoustic curtain, TIA Wave Jet microwave oven, Cappuccino/Espresso coffee machine, Enflite high-temp convection oven, Starr hot cup, and Collins galley/cabin control panel. Moving into the main cabin through a solid pocket door is a four (4) place club with mechanically controlled seats that are fully berthable followed by a left hand four (4) place dining/conference group with electric elevation control on the table that opposes a two place right hand settee that is not certified for take-off and landing. Moving further aft through a soft curtain is the aft cabin that features a left hand three (3) place divan opposing another right hand three (3) place divan. Continuing aft is the lavatory with chemical toilet and vanity on the right-hand side followed by the baggage compartment.
