## Connectivity

---

Avance L3

### Garmin G5000 Features & Benefits:

- Fully integrated glass flight deck upgrade
- Dual touchscreen display/controllers offer intuitive pilot interface, while enabling each crew member to have full operational accessibility
- Multi-pane 14" PFD and MFD displays provide crew-configurable presentation of graphical data on any of the primary screens
- Integrated engine-indicating and crew-alerting system (EICAS)
- Fly WAAS GPS-guided LPV approaches to 200' minimums, providing access to more airports and increasing aircraft utility
- Garmin Integrated Autopilot with Emergency Descent Mode
- Supports "paperless flight deck" with digital document display capability for electronic charts, flight manual data and more
- Compatible with existing TCAS/ACAS II systems
- Advanced weather detection and avoidance technology
- Two-way wireless flight plan transfers between your avionics and Garmin Pilot™ and ForeFlight Mobile
- Support for reduced vertical separation minimums(RVSM) operations
- Growth-oriented architecture allows many future technologies to be accommodated via software
