

## 2012 Dassault Falcon 2000LX s/n 256

# 2012 Dassault Falcon 2000LX s/n 256

## INTRODUCTION

*The Super mid-size Falcon 2000LX has been developed by Dassault Aviation of France and type certified in 2009. It is a derivative of the Falcon 2000EX Easy, with addition of winglets. Its derivative Falcon 2000LXS is still under production.*

*It offers a max range of 4,000 NM / 7,500 KM at normal cruise .80 Mach (6 passengers, NBAA IFR reserves).*

*The Falcon 2000LX is powered by reliable 2 x Pratt & Whitney Canada PWC308C engines with rated 7,000 lbs thrust.*

*It offers a wide cabin of nearly 8 meters long with a large galley, comfortable & quiet & stand-up passengers' cabin, flat floor, aft lavatory, and direct access to the luggage compartment.*

## HIGHLIGHTS

**Infinite Jet International is delighted to bring in Exclusivity this immaculate unique Falcon 2000LX to the market.**

- **This end-2012 Falcon 2000LX is one of the most attractive with a popular configuration appreciated for charter activities and owner comfortable long trips.**
- **There are very few Falcon 2000LX on the market and this S/N 256 is the highest S/N available.**
- **EASy II 4th Certif., EASA EU-OPS1 Subparts K&L compliant**
- **Engines & APU enrolled into Gold programs**
- **Luxurious 9-seater, Satcom & WIFI**
- **One meticulous owner since new, Swiss HB-JFI registered, Italian style, pristine cabin**
- **Aircraft location: Geneva, Switzerland. Operation Jet Aviation.**

## INTERIOR

### INTERIOR DESCRIPTION

*(Original, Dassault Little Rock AR completion center)*

The beautiful & elegant Nine (9) passenger executive spacious cabin with “rounded look” interior styling features a 4-place 20” club seat & 2 foldout tables, a 2-place 20” club seat with foldout table and a 3-seater extendable 80” 16G sofa configuration. Large forward galleys and private aft lavatory & chemical toilet complete this interior. Direct access to the large luggage compartment from the cabin and from outside.

Sleeping capacity: 5/6

Swivel & reclinable VVIP seats on tracks: 6.

There is an optional RH 16G jump-seat behind co-pilot. It is certified for take-off and landing.

There is a sliding pocket door between the passengers’ cabin and the galley area for privacy and noise isolation as well as a curtain to separate the cockpit. The curtain between the galley area and the main door allows a quieter cabin environment.

## 2012 Dassault Falcon 2000LX s/n 256

Each seat is tastefully finished in light **2-tone Gray Beige leather** with retractable leg rests (2) and retractable armrests, matching gray beige carpeting found throughout the cabin; the light elegant **Almond Gold satinated plating** completes the interior.

Each seat welcome exclusive **Flexwings** leather & adjustable headrests together with headset jack and individual touch panel entertainment control.

The 80" LH sofa, located in the aft area, is covered with 2-tone gray beige fabric & leather. It has a 10" extension (mechanical) and allows to watch videos comfortably on the aft large screen. 2 life rafts are installed under the sofa.

An elegant & well maintained **Walnut Wood** is installed throughout the cabin: galleys, cabinets, sideledges, partitions, pocket door... Aft door with a large mirror.

Light beige delicate and robust **Ultraleather** decorates the side ledges and ceiling.

Life rafts for long-range overwater flights: 3

## 2012 Dassault Falcon 2000LX s/n 256

- The 46" RH large Galley includes a hot/cold water supply, Nespresso Coffee maker (loose equipment), Microwave and classic High-temp Oven.  
This galley welcomes Cristal glassware, silver cutleries and beautiful chinaware with customized storage.
- The Annex RH Galley welcomes Bus Bins (3), Atlas containers (2) and large drawers.
- The 30" LH coat closet welcomes hangers, video system and cabin control touch screen. A removable life raft is available.

Numerous storage compartments & drawers are available throughout the galley area & cabin & lavatory.

The pressurized luggage compartment offers a volume of nearly 3.75 m<sup>3</sup> (access in flight).

The aft non-pressurized technical compartment welcomes a ladder and a telescopic tow bar together with storage space.
